Reviews

A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).

Now if the college course in Greek is to consist largely of the study of the masterpieces of Greek literature as literature, such clear and precise knowledge must, at some time, be acquired, or else real appreciation is out of the question. It is idle for even the bright student to read the great Apology and hope to appreciate it as literature, unless he knows something definite of the normal use of moods and tenses. Else he may admire with enthusiasm what he takes to be the force and beauty of the Greek language, or the precision and flexibility of the author s style, but quite as likely as not he is applauding in the wrong place. A reaction, emphasizing once more the importance of grammar in the preparatory study of Greek, is, I believe, bound to come. The aim of this little book is to supply a means...
