paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 150 Publisher: Fujian Science and Technology Press Pub. Date: 2008 -06 This book is based on the PRC Ministry of Labour and Social Security's National Occupational Standards (computer operator), written as participation in national professional skill to learn to use books, but also as the country's vocational schools Electricity professional and other related professional practice teaching guide books. In the learning process of the book, pay attention to the content to grasp the macro-understanding, focusing on the application principle, focusing on the macro level understanding of the primary computer operator involved in the operation of a computer, computer word processing, Internet use, computer viruses protection of such knowledge. The book involves the basic theoretical knowledge in order to understand its level as the main professional skill to be able to solve part of the assessment should be the goal, should not be there is no need for special, deep professional theoretical research. Should be applied on the first place, through book learning, to master the elementary computer operations staff should be some kind of skills....
