These Bible study guides are presented as an extension to our Virtual House Church. They are designed to show you how the themes, stories, and words of the Torah (the five books of Moses) are woven throughout the writings of the prophets and New Testament. It all starts with Genesis! The stage is set, the characters are introduced and the drama begins almost immediately. From there, we can see how the story plays out from the Beginning to the End. There is much wisdom to be gained from the Torah. The word is often translated as "law" but really, it represents the instructions of our loving Father to His children. This series is designed to be a weekly study, enabling you to complete the entire Torah in one year. Each volume contains an Introduction from Rob Skiba, but the rest of it is just Scripture from each book of the Torah along with portions from the prophets and New Testament that go along with each Torah reading - all arranged in a workbook style format so that you can easily take notes as you do the weekly studies. We pray these study guides draw you into a closer, more intimate relationship with Him.
