Getting started with IntelliJ IDEA

By Hudson Orsine Assumpção

Packt Publishing. Paperback. Book Condition: New. Paperback. 114 pages. Dimensions: 9.2in. x 7.4in. x 0.4in. Exploit IntelliJ IDEA's unique features to rapidly develop web and Java Enterprise applications Overview Exhibit techniques that improve development performance Present framework support Create an application that explores the features of the integrated development environment (IDE) In Detail IntelliJ IDEA is a commercial Java development tool which competes with the free Eclipse and NetBeans projects. It is an integrated development environment (IDE) designed to automate parts of the coding process; to support a large number of different frameworks, tools, and targets; to work with multiple languages; and not to get in the way of the developers work. IntelliJ IDEA also does a good job of keeping up-to-date with the Java platform, subject to the expense of keeping current with the latest product version. A practical guide that will provide you with concepts and clear step-by-step exercises to help you understand and improve your performance. Through this guide, you will be able to extract more from IntelliJ IDEA 12. This book will navigate through the features of IntelliJ IDEA 12 and present the reader with concepts and tips that will give them a greater understanding of this...
