Obviously, if a Mississippi River Heritage Corridor is established, further documentation and accurate analysis of cultural resources would be required. This does not mean that local resources are not important to river stories; they are invaluable. For example, there is a wealth of buildings that never have been sorted in any comprehensive manner. From an architectural standpoint, the local and regional vernacular and high style adaptations represented by Representation of Themes in National Register Properties Interpretive themes represented in various Mississippi River cultural resources are discussed in this section. For each topic, the appropriate theme or themes are repeated. of Historic Places National and State Significant Sites Mississippi River Corridor Mississippi River Corridor Study Commission DSCMay 1996MRCH20. 024 I-3 sites 4-6 sites 7-20 sites 21-40 sites The theme texts are followed by key examples that represent those themes, then a state-by-state summary is given of the resources...
