

## Water Purification for Survival - A Guide for Purification and Conservation of W

By M Usman, John Davidson

Createspace, United States, 2015. Paperback. Book Condition: New. 214 x 149 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Table of Contents Preface Introduction Chapter 1 - Collecting water Discerning Filtration and Purification Chapter 2 - Filtration Techniques Building a water filter Chapter 3 - Purification techniques Boiling Filtration or purification pumps Purification drops and tablets Make an evaporation trap in the ground. Turning urine and salt water into drinkable water. Solar still Chapter 4 - Choose Your Snow Wisely How to melt snow the right way Does the water from snow need to be purified? Chapter 5 - Different Approaches to Hydration Chapter 6 - Minimising Water Loss Conclusion Author Bio Publisher Introduction Nothing, I repeat nothing, is more important than water for humans to live on this planet (well excluding oxygen though that s obvious). Your body is made up of around 60-80 water and you cannot hope to continue performing your daily chores with the same efficiency if you don t find enough water. Certainly the amount of usage of water varies depending upon the climate and activities you are involved in, but its presence is always required. In a moderate climate with low...
