

Practicing Sociology: Selected Fields

Filesize: 8.35 MB

Reviews

I actually started reading this article ebook. It is actually packed with knowledge and wisdom Its been printed in an remarkably simple way and it is only after i finished reading this pdf where in fact modified me, alter the way i believe.

(Prof. Uriel Witting)

PRACTICING SOCIOLOGY: SELECTED FIELDS

[DOWNLOAD](#)

ABC-CLIO. Paperback. Book Condition: new. BRAND NEW, Practicing Sociology: Selected Fields, Robert A. Dentler, Chronicling the revitalization of the field of applied sociology, Dentler offers an interpretive history of how the field has evolved over the years, how it was transplanted from Europe into the U.S., how and why it declined during the latter years of the 20th century, and its recent rebound. Providing a conceptual and historical framework for the practice of applied sociology, this work profiles a variety of practicing sociologists and offers case studies in the fields of education, organizational development, work and labor, and program evaluation. Students, faculty, and practicing sociologists who wish to better understand the foundations and growth of applied sociology as well as the ways in which they can unify the field around the theoretical resources of symbolic interactionism and its offshoots in participation and client empowerment will find what they need in this accessible and unique text. ^IPracticing Sociology^R will instruct faculty and students in the history, traditions, and future prospects of both applied sociology and sociological practice, the social engineering subfields of the more general field of sociology. Degree programs at both the M.A. and B.S. levels continue to spring up at colleges and universities throughout the U. S. and in many countries around the world. This is the first text aimed at the students of these programs, who are preparing to enter such fields as program evaluation, educational planning and program management, organizational development, and labor relations. It is designed to prepare students for careers in applied sociology while providing them with a thorough discussion of the foundations of the field.
