

SharePoint User's Guide

By Infusion Development Corp.

O'Reilly Media, Inc, USA. Paperback. Book Condition: new. BRAND NEW, SharePoint User's Guide, Infusion Development Corp., There's nothing like teamwork for making progress on a project, but sharing information and building on each other's successes can be challenging when your team is scattered across the miles. Microsoft's SharePoint helps teams and organizations close the distance. With SharePoint, groups construct web sites specifically for collaboration--sites where individuals can capture and share ideas, and work together on documents, tasks, contacts, and events. It's the next best thing to being in the room together. Unfortunately, much of the documentation for SharePoint is written to help system administrators get it up and running, which often leaves end users in the dark. The SharePoint User's Guide takes another approach: this quick and easy guide shows you what you need to know to start using SharePoint effectively and how to get the most from it. You'll learn how to create sites that your organization can use to work together or independently, from an end user's point of view. Now, even beginners can learn how to: * access sites that are already set up * create new sites * personalize sites * use the document and picture...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
