Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.As the author of this book, I have recently earned a bachelor s of science degree in psychology. This is the result of my effort to succeed in college, and the study of psychology in particular. I earned straight A s with the exception of one B by the way. This book provides the basics for understanding how your mind and memory actually work, principles of conditioning, stress management, lifestyle learning habits, and learning techniques. All of this knowledge helped me to excel in college and to be awarded the standing of Magna cum Laude as a graduate. All of these principle for learning can be applied by just about anyone, but make no mistake, there is no easy fix to success. You will have to work for it. The information in this book is designed to provide you with the knowledge that will answer many questions you may have about the learning process. Once you understand how to learn, then the process will become easier and much less stressful. It worked for me. It could work for you. Within a society that stresses education as one of the most important aspects for a successful career and life, you would think the system is helping students understand how the learning process works, how their mind and memory work, and habits necessary to succeed, but they do not. That is why I wrote this book. So then, are you a student within a learning environment? Would you like to increase your grade point average (GPA) and control stress levels while doing it? Regardless of grade level or age, from junior high school to college level learning,....
