EXTRA LIFE: COMING OF AGE IN CYBERSPACE

The Perseus Books Group, United States, 1999. Paperback. Book Condition: New. 203 x 135 mm. Language: English . Brand New Book ***** Print on Demand *****.Today s digital culture traces its roots to the 1980s, when the first computer generation came of age. These original techno-kids grew up with home-brew programs, secret computer access codes, and arcades where dedicated video gamers fought to extend their play by earning extra life. In that era of gleeful discovery, driven by a sense...

Reviews

I actually started off reading this article ebook. It is writter in simple phrases instead of hard to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.
