SIMILARITY METHODS FOR DIFFERENTIAL EQUATIONS

Book Condition: New. Publisher/Verlag: Springer, Berlin | The aim of this book is to provide a systematic and practical account of methods of integration of ordinary and partial differential equations based on invariance under continuous (Lie) groups of trans formations. The goal of these methods is the expression of a solution in terms of quadrature in the case of ordinary differential equations of first order and a reduction in order for higher order equations. For partial differential equations at least...
